Profile

Motivated and innovative Computer Science student with a passion for software engineering and problem-solving. Proficient in modern development tools and technologies, with a keen interest in creating impactful solutions. Adept at learning and implementing new concepts swiftly to deliver value-driven outcomes.

Education

Bachelor of Technology in Computer Engineering
Jaypee Institute of Technology | 2022–2025

Diploma in Computer Engineering
Dehradun Institute of Technology and Engineering | 2019–2022

Class 10 (Matriculation)
Golden Flower Public School | 2018–2019

Internships

Java Programming Intern
Cod Soft | 4 weeks | 2024

- Worked on Java-based applications, enhancing coding skills and learning advanced Java features.
- Assisted in building user-friendly software components and debugging.

Projects

Get Hired | MERN Stack

- A job-seeking platform offering various employment opportunities, including internships, full-time positions, part-time jobs, and freelance opportunities.
- Developed features such as customized filters, company dashboard, student dashboard, and an intuitive sign-up/sign-in page.

Skills

Languages: Java, JavaScript, Python
Frameworks: React
Tools: MongoDB, SQL, Android Studio, VSCode
Platforms: Mac, Linux, Windows
Others: Git/GitHub

Learning

Java Backend Development

- Currently learning backend development with Java, focusing on building RESTful APIs, working with databases (SQL/NoSQL), and exploring microservices architecture.

Blockchain Development

- Exploring blockchain technology, learning about smart contracts, Ethereum, and decentralized applications (dApps) to understand the development and deployment of blockchain-based solutions.
